

CALL FOR PAPERS

The event's main theme is *Social and Technological Development in Service of Security and Dignity*. In selecting the theme, this event seeks to explore the possibility of advancement of society in terms of broader socio-economic development and technological innovation and change. In uncertain times, proliferating security and serving human dignity are paramount. The 11th It's About People conference will bring together leading European scholars and thought leaders from diverse disciplines, who will share broad perspectives, knowledge, skills, and communication in an educational setting. We envision discussions that will include opinions from around the globe.

Main Theme and Objectives

In selecting the theme 'Social and Technological Development in Service of Security and Dignity', this significant scholarly event seeks to explore the possibility of advancement of society in terms of broader socio-economic development and technological innovation and change. In uncertain times, proliferating security and serving human dignity are paramount. The 11th It's About People conference will bring together leading European scholars and thought leaders from diverse disciplines, who will share broad perspectives, knowledge, skills, and communication in an educational setting. We envision discussions that will include opinions from around the globe.

Panels' and Papers' Disciplines

Panels are not restricted to the Main Theme. Panels on any scholarly discipline are welcome. Scholars and policy and higher education leaders from areas including, but not limited to social sciences, health, medicine, social gerontology, social work, law, education, psychology, management, project management, communication, archival studies, informatics, philosophy, and humanities are invited to apply, and present their research and views.
